Homework 5

Due Tuesday, 03/27, 8:00am

1. Study the example on

   https://tensorflow.rstudio.com/keras/articles/examples/reuters_mlp.html

   Try to make some changes to the model and the training process to improve the prediction accuracy. Provide the history plot and the prediction evaluation of your own model.

2. Study the tutorial on

   https://tensorflow.rstudio.com/tensorflow/articles/tutorial_tensorflow_mechanics.html

   Provide evidence that your have studied it.
